## PROFESSIONAL SUMMARY

Cybersecurity undergraduate (CSE, VIT Bhopal, CGPA: 8.24) building production-grade full-stack platforms spanning real-time concurrent systems, applied AI/LLM tooling, and secure architecture. Delivered a phishing-classification model at **92% accuracy**, an enterprise ticket-booking system handling **1000+ concurrent users**, and an AI feedback engine with retrieval-based memory and dispute resolution. Proficient in **React, FastAPI, Node.js, TensorFlow, Docker**, and REST API design.

## TECHNICAL SKILLS

**Languages:** Python, C++, JavaScript, TypeScript, SQL, HTML, CSS

**Frameworks & Tools:** React, Next.js, Node.js/Express, FastAPI, Flask, TailwindCSS, TensorFlow/Keras, Docker, Git, Linux

**Cybersecurity & AI/ML:** Phishing Detection, Threat Intelligence, URL Reputation Analysis, LLM-based Risk Scoring, Vector Embeddings & Retrieval

**APIs, Libraries & Databases:** VirusTotal, Google Safe Browsing, AbuseIPDB, Groq, Voyage AI, Scikit-learn, PostgreSQL, SQLite, MySQL

## EXPERIENCE

### ServiceNow Virtual Internship Program

Mar 2026 – Apr 2026

*ServiceNow University, AICTE & SmartBridge*

*Virtual*

- Configured 8+ ITSM workflows and platform reporting dashboards utilizing **ServiceNow Administration** and Automated Test Framework (ATF) capabilities.
- Completed 10+ CSA-aligned modules covering workflow design and system architecture best practices; created Flow Designer automations and explored Agentic AI capabilities.

## PROJECTS

### LUMINA | React, FastAPI, PostgreSQL, WebSockets, Firebase

2026 GitHub Live

- Architected an enterprise-scale ticket-booking platform with **real-time seat synchronization**, using pessimistic row-level locking and TTL-based seat holds to prevent double-booking across 1000+ concurrent users.
- Established waitlist reassignment logic and **WebSocket**-driven live seat updates cutting seat-conflict errors to near zero; integrated Firebase authentication and Resend for real-time QR-ticket delivery.
- Authored a full system design write-up covering concurrency control, seat-hold TTLs, and failure handling.

### CyberSphere | React, FastAPI, Python, TailwindCSS

2025 GitHub Live

- Architected a full-stack cybersecurity SaaS platform with malicious-link detection, **AES-256** encrypted file sharing, and cloud security analysis.
- Connected VirusTotal and Google Safe Browsing APIs to analyze 1000+ URLs/messages with model-driven risk scoring, reducing false positives by ~18%.
- Implemented a live monitoring dashboard in React handling malware scanning and secure file storage workflows across 10+ daily scans.

### RawTake | React, Node.js/Express, SQLite, Groq, Voyage AI

2026 GitHub Live

- Built and deployed an anti-sycophancy AI feedback platform that delivers evidence-based, no-flattery critiques of GitHub repos, resumes/LinkedIn profiles, and project pitches.
- Designed a **pushback-resistance ("no take-backs")** engine with confidence-scored opinions and dispute resolution, backed by an **SQLite** schema (analyses, evidence, disputes tables) shared across all analyzer modules.
- Implemented **Callout** free-form chat mode with cross-conversation memory via **Voyage AI** embeddings and sqlite-vec retrieval, plus Multi-Persona (recruiter/technical/decision-maker) and Second-Opinion evaluation modes.

## ACHIEVEMENTS & LEADERSHIP

- Winner** – CTF, HackSecure by Null Community VIT Bhopal; solved web exploitation and OSINT-based challenges.
- 3rd Position** – Ideathon, HackSecure VIT Bhopal; presented an AI-powered cybersecurity risk-scoring solution.
- PR Team Co-Lead** – Null Community VIT Bhopal Student Chapter; led cybersecurity event outreach for 2 years (2025–2026).

## EDUCATION

### Vellore Institute of Technology

2023 – 2027

*B.Tech in Computer Science and Engineering | CGPA: 8.24*

*Bhopal, India*

## CERTIFICATIONS

- Google IT Support Professional Certificate — Coursera / Google , 2025
- Oracle Cloud Infrastructure (OCI) Foundations Associate — Oracle , 2026
- AWS Certified AI Practitioner (AIF-C01) — Amazon Web Services , 2026
- AWS Cloud Practitioner Essentials — Amazon Web Services , 2025
